

SYSTEM AND METHOD FOR SELECTING A BATTERY

ABSTRACT OF THE DISCLOSURE

A method of selecting a battery for a vehicle includes identifying a plurality of batteries and obtaining ratings for a plurality of characteristics for each of the plurality of batteries. The method also includes obtaining information relating to the usage of the vehicle and identifying a battery for use with the vehicle based on the ratings and the information relating to the usage of the vehicle. The method may also include weighting a plurality of the ratings and utilizing the weighted ratings to identify an optimal battery.
